Carpenters

Carpenters face property and liability risks ranging from broken equipment to materials theft to plant fires. You may worry about equipment failure and the consequences of being "down" for a period of time.

InsuranceNoodle helps carpenters and cabinetry contractors get the right insurance at the right price. Through experience and research, we know what contractors need. Here are some examples of the coverages we often recommend to carpenters and cabinetry contractors:

- You arrive at a job site in the morning and discover that some of your materials were stolen during the night. Materials On-Site Coverage would reimburse you for your loss.
- Upon further investigation you discover some of your tools missing also. Contractor's Equipment and Tools Coverage would reimburse you for your tools.
- Rental Reimbursement for Tools and Equipment Coverage would cover the cost of renting tools until you could replace yours.

We work with cabinetry contractors and carpenters regularly and have ongoing relationships with insurers that specialize in your field. Our on-line application is customized for your needs. The application asks about your business, assets and employees. After you submit your application, you'll get up to three proposals from our insurers. If you like what you see, you can buy policies online.

Small Business Insurance for Service

Your business may face property and liability risks ranging from slip-and-fall lawsuits to employee theft. You may worry about the consequences of having to close for a while after a fire or other catastrophe.

We'll help you find the right policies to cover the risks your business faces. Let's begin the application process!

1. The first step is to **decide what kinds of coverage you want** quotes on. The application length reflects how many choices you make.
2. Next, **fill in the on-line application**. You can print out the application and save your work at any point.
3. After you submit your completed application, you will be notified via e-mail when your proposals are ready for review.
4. If you like what you see, you can **buy policies online**.
